

JOONDALUP RESORT WOULD LIKE TO INVITE YOU TO JOIN OUR EXCLUSIVE QUARRY CLUB

Participate in four Quarry Club Corporate Events held annually at Australia's No 1 Resort Golf Course along with three of your invited guests or colleagues.

The "Quarry Club" is for business persons who value and recognise that the wonderful game of golf is, and can be a valuable business tool.

Golf, played in tournament friendly conditions of Ambrose, creates an environment allowing you to communicate and discuss topics at length over a four and a half hour time period in as close or personal manner as you choose.

What other activity can put you in the company of managers, business people, and decision makers for such a length of time in today's time poor stress rich world? Relationships forged on the golf course can be long and lasting and great for business.

It must be said, the age and longevity of our Club is a tribute to its success, some 16 years of Diggers and their invited guests, doing battle on the golf course, while doing business and networking at "Australia's Number 1 Resort Golf Course".

With only a minimal annual membership fee and four game payments throughout the year, you as a "Digger" in our Quarry Club entertain three guests at each of our four events. Typically fields of 80 to 120 golfers are achieved.

This is your opportunity in business, where there is "NO DOWNSIDE RISK" and the rewards for you and your business are unlimited and measurable.
